🌱 WORK EXPERIENCE:

Union / Valtech

September 2023 - Present

Senior Frontend Developer

(www.Union.co)

Worked with clients like Pepsi, Dolby, Bojangles, and others to maintain a myriad of sites. Added client-requested styles, features, and content. Re-built an existing site (windstream.com) from the ground up to use Craft CMS. Worked in React, Twig, Tailwind UI, Storybook, and other tools to build CMS-enabled sites. Focused on accessibility, ensuring sites met AA compliance with ADA.

EP + Co

April 2014 - August 2023

Senior UX Developer

(www.EPandCompany.com)

Managed the Frontend team with 3 direct reports. Created intricate, cutting-edge sites for large companies like Verizon, Regeneron, Denny's, and others. Used React, Angular, and RiotJS to make dynamic code bases more future-friendly and easy to pass between colleagues. All sites were made with ADA in mind with a focus on making content accessible for ALL users.

Ferebee Lane & Co.

October 2012 - April 2014

Interactive Developer

(www.FerebeeLane.com)

Created cross-browser, mobile responsive sites. Utilized Javascript to create rich content for these sites. Maintained client websites and added capabilities to existing pages while monitoring analytics and optimizing content. Worked with clients to create comprehensive SEO and SEM strategies, then monitored and optimized those campaigns with Google Analytics and Adwords.

Jackson Marketing Group

February 2012 - September 2012

Interactive Developer / Designer

(www.JacksonMG.com)

Created and maintained client websites using HTML5 and CSS3 including traditional, mobile and responsive sites. Created rich media for websites, presentations and banner ads using Flash. Created email blasts and managed reporting on email marketing campaigns. Met with clients to explain CMS systems, Analytics data, etc.
